LOTTERY AND ACCEPTANCE

If Citizens of the World Kansas City Charter Schools receives more applications than there are seats available for any given grade level, we will hold a random lottery as required by law. Once the lottery is held, we will contact all families to notify them of their enrollment status. All applications received after the lottery deadline will be waitlisted by the date they are received. More information will be communicated to both accepted and waitlisted families regarding the enrollment process and related deadlines.

FREQUENTLY ASKED QUESTIONS

1. Do I have to live in a specific neighborhood to attend CWC Kansas City?

All children who reside within the Kansas City Public School District (KCPS) boundaries are eligible to enroll in CWC Kansas City's schools. In the event CWC Kansas City receives more applications than there are available seats, a geographic preference will apply. Please see our website for further details.

2. When is my application due?

This completed application must be returned by 5:00 p.m. on February 24th, 2017 to be entered into the lottery. After the lottery deadline passes, all applications will be waitlisted in the order they are received. Seats will be offered to waitlisted families, in order, when seats become available throughout the school year.

3. How will I be notified of the lottery results if I am unable to attend?

*Our lottery is open to the public and all families are welcome to attend. However, attendance in no way impacts the lottery results. Notifications will be mailed to all families within five (5) business days following the lottery indicating either an offer of enrollment or a position on the waitlist. **Please make sure the contact information you provide on this application is current.***

4. We already have one child attending CWC Kansas City; do I need to fill out another application?

Yes. The current CWC Kansas City student does not need to go through the lottery process in order to remain enrolled for the subsequent year, but each additional incoming student within a family needs to complete and submit a separate Request for Enrollment. Siblings are given the highest lottery preference.

5. What if I have more questions?
